Subject: RE: question re: SD and hazardous waste sites

Nancy is correct. Although there are no sites undergoing Corrective Action in SD, there are two facilities currently operating under permit:

1. SAFETY-KLEEN SYSTEMS, INC. - SDD000716696 - 2000 N. WESTPORT AVENUE, SIOUX FALLS, SD 57107
2. TECH ORD, A DIVISION OF AMTEC CORPORATION - SDD981549983 - 47600 180TH STREET, CLEAR LAKE, SD 57226

I think that qualifies them as 'hazardous waste management' sites. Let me know if you need more info!

Cheers,
Mike

I think the answer is yes because off the top of my head, I know that South Dakota has a Safety Kleen facility and there's also a site we're tracking called Tech Ord. Mike Roach can weigh in with more information, or run a RCRAInfo data report if you are looking for specific facility types.

Hi Nancy,

Do we have any hazardous waste management sites in South Dakota? Thanks.

Jasmine

Subject: question re: SD and hazardous waste sites

Hi Jasmine –

Quick question – I’m reviewing an EJ analysis for the Dewey Burdock project and our program concludes there are no hazardous waste management sites in South Dakota. Is this something you can verify with our program?

Thanks! Kimi
